ALL-NEW
SWIFT
FEEL ICONIC
SWIFT
SUZUKI

Meet the ALL-NEW SWIFT, a car that takes fun-to-drive playfulness to the next level. With upbeat new styling, responsive handling, and quick acceleration, it will make your heart sing with joy as you rediscover how much fun driving can be.

SWIFT

Life immediately becomes more exciting when you grip the steering wheel of a Swift. And the playful ease with which it lets you control its powerful agility will put a smile on your face with every passing mile. In fact, the Swift is so much fun to drive, it will make you wish every trip could be longer.

FEEL ICONIC
BOOK A TEST
DRIVE SWIFTLY

EXTERIOR

AN AGGRESSIVELY PLAYFUL NEW LOOK

The new Swift breaks away from styling conventions of the past with an eye-catching body design that evokes the sheer joy of driving. It has rounded shoulder lines and *15-inch polished alloy wheels set off by dramatically flared fenders, and an oval black metallic grille that looks hungry enough to eat up the road ahead.

In every detail, it makes a visual statement that tells the world you know how to play the game of life.

*GLX only

HEAD-TURNING STYLE

On the street, the Swift's sense of style makes it really stand out. From the sleek contoured lines of its profile to its wide rear bumper, it has a sporty and athletic look that reflects the vehicle's quick, agile handling.

It also has a unique design signature at night, with new inner-lensed light rod elements in the rear combination lamps and front position lamps that take on a distinctive three-dimensional appearance when illuminated.

NEW CAR DEALS

INTERIOR

DRIVER-ORIENTED COCKPIT DESIGN

The Swift's cockpit provides a truly immersive driving experience that is designed to put all the instruments and controls you need within easy reach. It features a wrap around, black dashboard and front door trim giving the cabin a sporty look that heightens your driving fun.

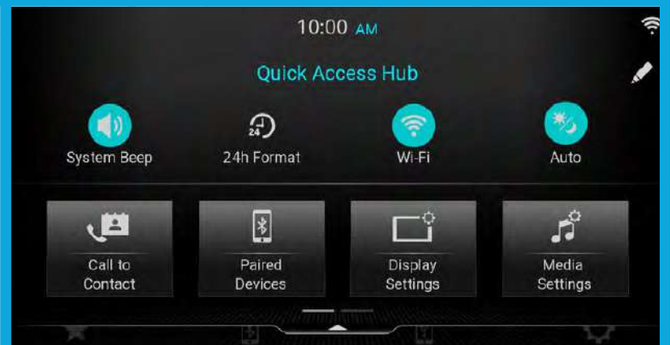
METRE CLUSTER

The sporty and stylish metre cluster is equipped with an LCD panel that lets you view a wide range of information at a glance, including average and current fuel consumption, driving range, torque and power.

(Colour LCD only for GLX, Segment LCD for GL+ and GL.)

FRONT SEATS

The design of the front seats reflects the Swift's unique character and is cushioned at the shoulders and sides to enhance driver and passenger comfort. The design of the seats emphasises the energetic and sporty DNA of the Swift, and the colour is black featuring a contrast between the matte base surface and the embossed pattern of the upholstery.



DISPLAY AUDIO SYSTEM

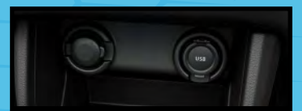
The display audio system is housed in a floating midsection that is subtly angled toward the driver for easy viewing and touch-control operation. In addition, the interface can be freely customised and used for navigation information or rearview camera image display.

(9-inch for GLX, 7-inch for GL+)

Audiovisual features

AM/FM/tuner

Bluetooth® (for handsfree calling & audio playback)

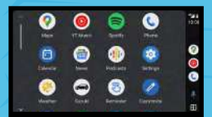


USB port (for AV playback & device charging)

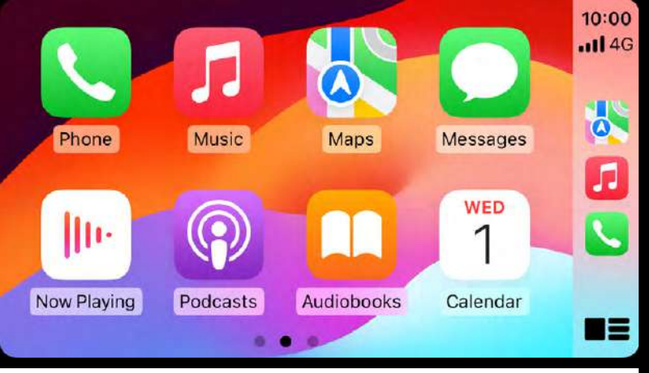
Rear-view camera display

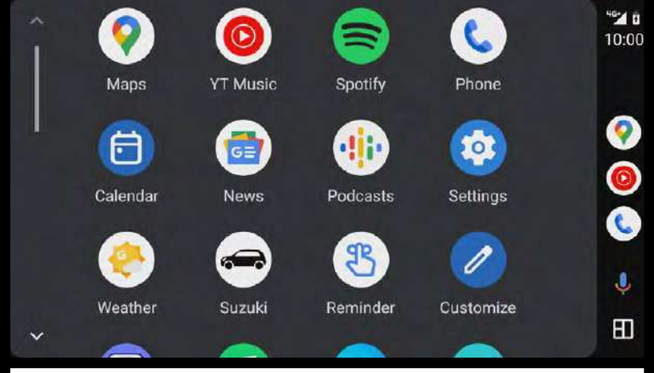
Smartphone connectivity via USB and WiFi®

Apple CarPlay®



Android Auto™





Works with Apple CarPlay

Apple CarPlay works with your iPhone and Siri to help you get directions, make calls, play music, and send and receive messages using voice commands or the display audio touch panel interface.

Works with Android Auto

Talk to Google Assistant on Android Auto and get things done with your voice so you can keep your focus on driving. Easily send messages, get directions, control media and more. Just say, “Hey Google” or, in compatible cars, long press the voice control button on your steering wheel to get started.

* Apple CarPlay is supported in the countries listed at the following link:
https://www.apple.com/ios/feature-availability/#applecarplay-applecarplay
For more details, including iPhone models and iOS versions compatible with Apple CarPlay, see:https://www.apple.com/ios/carplay/
* Android Auto is supported in the countries listed at the following link: https://www.android.com/auto/
Compatible Android phone and compatible active data plan required.
* Apple, Apple CarPlay, iPhone and Siri are trademarks of Apple Inc., registered in the U.S. and other countries.
* Google, Android, Android Auto, YouTube Music and other marks are trademarks of Google LLC.
* Bluetooth is a registered trademark of Bluetooth SIG, Inc.
* Wi-Fi is a registered trademark of Wi-Fi Alliance®.

ACCESSORY AND USB SOCKETS

All grades are equipped with a DC12V accessory socket. GL+ and GLX models include a USB socket for device connectivity.

AIR CONDITIONER

Staying cool is a breeze inside the Suzuki Swift. The GL and GL+ grade models are equipped with a manual air conditioner with a digital control panel, while the GLX model features automatic climate control.

*CRUISE CONTROL**

Cruise control can be activated via a button on the steering wheel, allowing you to release the accelerator pedal during highway driving to reduce fatigue on long trips.

*GLX only

GET READY TO PLAY

Swift driving is fun driving, with plenty of in-cabin storage and cabin amenities to hold your gear and refreshments when you're on the road.

INTERIOR AMENITIES

With comfortable seating and a full range of amenities, the Swift makes every trip enjoyable.

There are storage areas to keep small items organised and close to hand, as well as cup and bottle holders for your favourite beverages.

FIND A DEALER

LUGGAGE AREA

The luggage area features a wide and low opening for easy loading and unloading, while the 60/40 split rear seat back lets you configure the luggage area to your needs.

THE ENGINE

THE POWER TO HAVE FUN

The Swift's stunning good looks are matched by performance that makes every trip a fun and exciting new adventure. Whether you use it for commuting, shopping, weekend getaways, or leisurely road trips, it delivers a driving experience that will make you eager to get back out on the road again.

ENGINE

The Swift's new 1.2-litre petrol engine combines outstanding fuel efficiency with impressive low-end torque for quick, responsive acceleration.
It is also equipped with a number of advanced features that help suppress emissions.

Fuel efficiency from as little as 4.4l/100km for manual variants and 4.6l/100km for CVT variants.

DOWLOAD A SPEC SHEET

TRANSMISSION

The Swift's 5-speed manual transmission enhances fuel efficiency and power delivery with a gear ratio that is specifically optimised to match the performance characteristics of the engine and drivetrain. Shifting action is smooth and responsive, requiring only a light touch to ensure positive gear engagement. In addition, a continuously variable transmission (CVT) is offered for drivers who prefer the convenience of an automatic transmission.

FRONT & REAR SUSPENSION

The new front and rear suspension components, with optimised geometry, deliver sharper handling, enhanced comfort, and dynamic performance.

FRONT SUSPENSION

REAR SUSPENSION

SAFETY FEATURES

Driving is even better when you know that you, your passengers, and your car are protected by technologies that keep you safe and secure.
While there is no substitute for driving safely, these features help you to respond to different driving and parking situations.

REVERSE PARKING SENSORS

Ultrasonic sensors in the rear bumper detect obstacles when reversing, and warning beeps sound to indicate the obstacle's proximity.

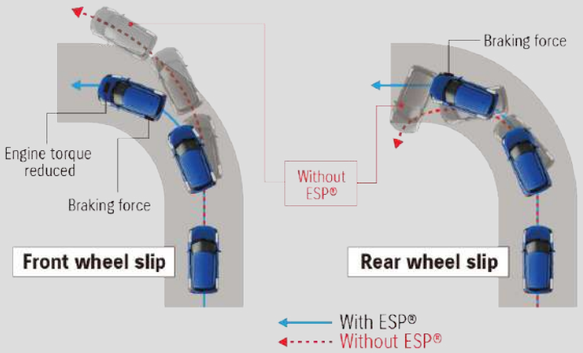
6 AIRBAGS

The Suzuki Swift is equipped with six airbags: dual front airbags for driver and passenger protection, side airbags to reduce chest impact during side collisions, and curtain airbags to safeguard the head from severe impacts.

ELECTRONIC STABILITY

Ultrasonic ESP* technology helps drivers control the vehicle during cornering, and assists them in maintaining traction when accelerating on loose or slippery road surfaces. If wheel slip is detected, the ESP system automatically regulates engine torque and selectively applies the brakes to help drivers maintain control.

*ESP is a registered trademark of Mercedes-Benz Group AG.



HILL HOLD CONTROL

When starting out on an uphill incline, hill hold control prevents the vehicle from rolling backward for approximately two seconds to give drivers time to move their foot from the brake pedal to the accelerator pedal.

HEARTECT PLATFORM

The smoothly curving frame increases underbody stiffness to help ensure excellent fundamental vehicle performance. In addition, it also contributes to collision safety by efficiently dispersing impact energy.

SUZUKI COMPLETE

Suzuki understands that purchasing a new vehicle is a substantial investment. Our unwavering commitment to customer satisfaction is represented in our 'Suzuki Complete' package, which includes every aspect of after-sales support, with warranty, service plan, and roadside assistance standard.

Warranty
All Suzuki passenger vehicle models bought new from a dealership are covered by a comprehensive promotional warranty against any defects for a period of 5 year/200 000km. This is supported by a six-year body corrosion warranty subject to terms and conditions.

Service Plan
The Swift benefits from a 2-year/30 000km service plan. This plan includes the replacement of oil, the oil filter, fuel filter, brake fluid, air filter and accessory belts, but excludes tyres, brakes and other wear-and-tear items.

Service Intervals
15 000 km or one year, whichever comes first.

Roadside Assistance
Every new Swift comes with a five-year roadside assistance plan. Some of the benefits offered by this comprehensive package include: battery and locksmith call-out services, mechanical and electrical, breakdown towing (accident towing is optional), emergency medical rescue, vehicle repatriation and a stand-by-you roadside security armed-response service.
